

VIRUS PREVENTION

DEEP CLEANING & DISINFECTING

Amid the coronavirus pandemic, it is more important than ever to keep your home, business or facility clean and safe to reduce the risk of exposure to the virus that causes COVID-19. Additionally, there is an increased need for businesses and employees to implement various practices to reduce the risk of exposure to COVID-19 and other viruses on their premises.

Premier Restoration Hawai'i's Deep Cleaning and Disinfecting Services provide expert-level disinfecting beyond the routine cleaning of your janitorial staff. Our experience in biohazard clean up and sewage spills where biological contaminants are present makes us uniquely positioned to remove all virus-causing pathogens present on surfaces—porous and non-porous—as well as key touchpoints throughout your facility.

PROCESS

- 3 Levels of Cleaning
 - » Tier 1—Cursory level cleaning of all key touchpoints for the areas selected.
 - » Tier 2—Deep cleaning of all areas selected. General cleaning/housekeeping included with this level of service.
 - » Tier 3—Comprehensive cleaning and disinfecting service specific for confirmed or suspected case of COVID-19 in your facility.
- Complete pre-clean of established key touchpoints to ensure all soil is removed from surfaces prior to disinfectant application.
- HEPA vacuuming and/or wet wiping with an appropriate detergent solution.
- Application of EPA-registered disinfectant to key touchpoints specific to the usage of your space.
- Development of a customized set of guidelines to keep your business safe for your customers and employees.
- On-site training with your staff on proper cleaning and disinfecting procedures so that your staff can confidently maintain the routine cleaning schedule provided.

- Strict Timeline Management
- Scheduling Flexibility: Weekend & Evening Work

"I was in need of a [commercial deep cleaning and disinfecting service] and called several places for inquiries. Marlene at Premier was the first to call me back. He had a crew sent out within an hour to our premises for a thorough walk-through. The crew surveyed the layout of the floor plan, gave a detailed description of the process and answered any concerns brought up. Everyone was extremely professional, courteous and you could tell they cared about making sure your property is cleaned thoroughly. Thank you, Marlene and crew!"

24/7 EMERGENCY RESPONSE (808) 694-3552

Premier Restoration Hawai'i is a full-service mitigation and restoration company with a broad scope of services dedicated to providing a one-stop solution to damage done by water, fire, mold and environmental hazards like lead and asbestos. Catering to both commercial and residential properties, Premier Restoration Hawai'i is locally owned and operated with 160 employees on O'ahu, Maui and Hawai'i Island. Our IICRC-certified technicians are the best in the business when it comes to high quality and comprehensive disaster response, restoration and mitigation at any level.

With over 20 years in service and a continual investment in state-of-the-art equipment, we have the experience and resources to respond to any disaster no matter the scope of work. Our friendly staff understands the frustrations of any property disaster and support our customers every step of the way through to job completion. As a BBB-accredited business with ongoing, company-wide training, our organization is committed to the highest standard of customer service.

EMERGENCY RESPONSE

When disaster strikes, every second counts. Premier Restoration Hawai'i provides 24/7 emergency services for immediate, on-site response on O'ahu, Maui and Hawai'i Island.

WATER DAMAGE MITIGATION & STRUCTURAL DRYING

Using industry-leading water extraction and drying equipment, our team of IICRC-Certified water damage restoration technicians can handle commercial or residential water loss situations of any size, ensuring all affected areas are completely free of moisture.

MOLD REMOVAL & REMEDIATION

Our team of IICRC-Certified mold remediation technicians provide comprehensive removal of all microbial hazards backed by professional third-party verification of the scope of the work completed.

FIRE & SMOKE DAMAGE

Clean-up, debris removal, structural drying, deodorizing and emergency board-up services: we have the experience and equipment to provide full-service emergency fire and smoke damage solutions quickly and efficiently.

ABATEMENT (ASBESTOS & LEAD)

Premier Restoration Hawai'i holds a C-19 license for abatement of asbestos, lead and other hazardous materials. Our team of licensed technicians are able to quickly identify potential environmental hazards in conjunction with other ongoing projects.

RECONSTRUCTION

Our team of professional contractors provide comprehensive structural repairs to impacted walls, floors, ceilings, structural elements and woodwork. Our reconstruction team is equipped to return your home or facility to pre-loss condition.

CONTENTS MANAGEMENT

We offer complete pack-out and pack-in services, inventory management and secure storage facilities for affected contents during structural repairs and mitigation. Premier also provides an in-house contents cleaning facility for exhaustive restoration of contents and documents affected by water, smoke or sewage.

ODOR CONTROL

We forensically identify and quickly remove noxious odors such as smoke, urine, mold and decay in an indoor environment by changing the odor molecule as opposed to simply using a masking agent.

STORM & WIND DAMAGE

Premier Restoration Hawai'i is the storm restoration company of choice for homeowners and businesses throughout the islands. Whether you have wind damage or standing water from an unexpected flood, we have the experience and expertise you can trust to repair your facility or home—on-budget and on-schedule.

COVID-19 CLEANING & DISINFECTING

Our commercial deep cleaning and decontamination services provide hospital-grade sanitation for Hawai'i businesses and commercial buildings. For preventative deep cleaning services or emergency response due to a positive Coronavirus exposure, our experienced team is here for you.
